We are excited to announce that we have some special designers coming to our store October 24th & 25th to teach fabulous classes. It is NOT unusual for designer classes to sell out within 24 hours! So don't wait and miss out on this opportunity to meet some of the hottest designers, make some great projects (Get a head start on those holiday gift ideas.)

Do you want to learn something new, something fun, something out of the ordinary? Well then these classes are meant for you! Even if you are not a Scrapbooker.

- **Copic Markers Technique & Card Class (Friday October 24th 5:30-7PM)**

In this class we will cover the ins and outs of the fabulous Copic Markers. You will receive information packed full of helpful resources, stamped images on cardstock to practice on, and you will complete 4 cards to take home.

- **Doodlebug Design Flower Album and Holiday Cards (Friday October 24th 7-9 PM)**

In this class you will be using many of Doodlebug's newest spot flocked and glitter paper to create an adorable clear acrylic album, complete with fancy brads and sequins. Also you will go home with 2 finished holiday cards. (You will see what else Copic can do, even on acrylics and so much more!)

- **Rusty Pickle 6x6 Chipboard Album (Saturday October 25th 9-11 AM)**

In this class you will receive NEW Candyland papers, also used with the Pop star line. You will receive Buttons, trims, stamps, coloring with Copic Markers and other techniques will be taught as well.

You will receive all the products to complete ALL three projects with lots of extra's to take home and play with. You will also receive two Copic Markers to start your collection with.

About Emily-

Emily has always loved bright colors and creatively painted her own furniture and bedroom walls. She began scrapbooking as a teenager without even knowing what she was doing. As she got a bit older her mother and sister became involved in stamping and papercrafts and she took off from there! In the past 5 years Emily has enjoyed traveling and teaching classes while representing some of the leading names in the industry. She lives in Colorado with her 4 (almost 5!) beautiful children and continues to love working in the scrapbook industry. Some things she enjoys are; Ice Cream, Loud Music, Big Trucks and Fast Cars, The Beach, Working Out, Reading, and Snuggling with her kids.

COPIC Markers are used by artists and designers worldwide; they can be used as an airbrush by inserting the broad tip end of the pen into our uniquely designed adapter. The Airbrush feature is wonderful for creating backgrounds and filling in larger areas of space. The Airbrush tool creates little or no mess and allows for nearly instant change in color.

Top 5 Reasons to buy COPIC Markers! 1 - 322 Available Colors!, 2 - All colors are refillable! 3 - Unique Airbrush System attachments! 4 - Acid-Free, won't dissolve toner on photo copies! 5 - Replaceable tips!
