Thanksgiving is a wonderful time of year. Family & friends spending precious time together capturing life long memories. Life is about family. Make this Thanksgiving a tradition. Capture those photos of chaos in the kitchen, dinner with all the trimmings on the table, people relaxing- watching the game, or playing and talking. These are memories you will enjoy now and 20 years from now. Every photo has a story, and everyone loves pictures. It is up to us to put those stories into scrapbooks for generations to come to learn and enjoy by. *Scrapbooking is something that will last from generation to generation, if done safely and correctly.*
