FEBRUARY 2008

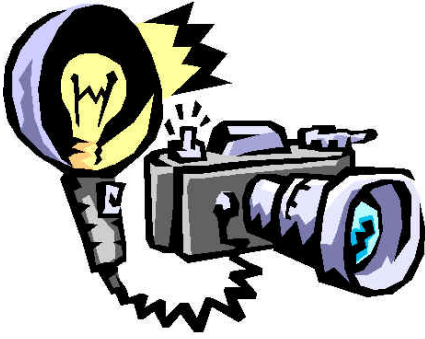

February is known as the LOVE month

So what else is going on in February? Well there is the Super Bowl, Mardi Gras, Random Acts of Kindness Week, President's Day and of course the LARGEST tradeshow of the year... CHA!!! So what does that mean for you? It means our annual blow out sale. Every week in the month of February I am going to allow the employee's to decide what's on sale. So stop by the store to see what the EMPLOYEE CHOICE SALE for the week will be.

So what's HOT? You guessed it digital. Did you know that 70% of Scrap bookers own digital cameras and 80% of Scrap bookers own and use a computer? If you are in the market for some new ideas, why not purchase one of our many digital software cd's? Or how about our Epson home printer?

Remember you can take all those home pictures in our fabulous Professional Photography Prop Studio. Our studio has taken off like crazy. We are booked almost daily. We currently have about 50 professional backdrops in stock, plus all kinds of props. Remember we rotate out the backdrops about every ten days or so. Check out the link to see what backdrop is up. So why not come on down and take all those candid shots and do some scrapbook pages, whether with traditional papers and embellishments or digital!

BACK BY POPULAR DEMAND- Many of you have asked for another class taught by Sabrina Daniel. Well she will be teaching her first class of the year. It will be Saturday February 09th at 2:00 pm. Just in time for Valentines Day. The class is only \$25.00 and open to ten students. You will be making a variety of items to include a picture frame, a card, and a candy filled bag. Of course there will be some surprise items you will be making as well. The class sample is on display at the store. You will be learning many techniques and tools. A few of the items you will be working with are: Stitching, Stickles, Epoxy, Doodling, and Wire. Don't wait to long to sign up for this class- it will fill up fast.

Many of you have inquired about my progress in Photography School. Well I am pleased to announce that I have successfully completed the first course. For those of you who don't already know I have officially enrolled at the New York Institute of Photography. NYI is the world's oldest and largest photography school, it was established in 1910, and has grown to become the premier provider of distance learning in photography, educating more than 20,000 students in the US and more than 50 countries abroad at any given time. I figured WHY NOT, I haven't got anything else to do. I will keep you all posted on my progress.

JUST ARRIVED

GLUE GLIDER MAX

There are lots of different types of adhesive runners but only Glue Arts brings you a couple of bargains you can't pass up. Easy glide-on dispensing action, allows you to apply a small controlled amount or a continuous line of the best performing and most permanent adhesive ever offered. Guaranteed

You won't have to worry about reloading in the middle of a project with the easy slip-in, disposable cartridges. No more messy threading or opening delicate dispensers.

Did you know February is: History Month, Bake for Fun Month & US Wedding Month?
