	Think Pink - Prize for Best PINK Layout

Optional Class- Limited Space

**Scrap Pink Class \$25.00

BELIEVE ALBUM 4-6PM

FUNDRAISER

We are also having a separate fundraiser: **"Bling A Bra For Breast Cancer"**

Any bra will do. We invite everyone to enter the contest by decorating a bra with lace, ribbon, beads, feathers, embellishments, and of course bling.

Please join our fundraiser by decorating a bra and drop it off at Imagine That! Scrapbooks & Gifts located at 317 N. Main by September 26th. All bras will be on display in the store until October 10th where they can be voted on for \$1.00 per vote. All proceeds will go to the Susan G Komen Foundation.

Get your bra in quickly so you will have as much time as possible to get votes.

All votes will be counted, and the person with the most votes will receive a special gift- and all the bras will be posted on our website.

We will auction off the bras to raise even more money for the fund! This will be a fun fundraiser that allows you to express your creative side by decorating a bra in your own way. We will tally the votes on a weekly basis to let you know where you are in the standings.

Come by and show your support (no pun intended) for all the women in our lives.

****Breast cancer is the most common type of cancer among women in the US and is the leading cause of cancer deaths among women age 40-59. It is second only to lung cancer as a cause of cancer death among women.**

Breast cancer accounts for one of every three cancer diagnoses in women. Nearly 200,000 women will be diagnosed with invasive breast cancer this year and about 40,000 women will die from breast cancer this year. An additional 60,000 new cases of in situ breast cancer are expected to occur in women this year.

There are over two million breast cancer survivors alive today in the U.S. and the number of deaths due to breast cancer seems to be declining. A combination of earlier detection and more effective treatment is thought to be responsible for these declining rates.
